

New Shopify Store Build - Client Questionnaire

This questionnaire helps us build your site right the first time. Answer as briefly or in as much detail as you like - bullet points are totally fine.

Before You Fill This Out

Two quick things first:

1. **Shopify collaborator access** - please provide your shopify collaborator code and myshopify url so we can request access (Settings → Users → Security). This lets us review your catalog, product structure, and existing media directly so you don't need to send us any exports.

a. **Your Shopify Collaborator code: 3105**

b. **Your myshopify url i.e. vitaeglass.myshopify.com : vitaeglass.myshopify.com**

Our Shopify Partner Info

c. **Shopify Partner ID: 444843**

d. **Partner Name: Lever Agency**

2. **Visual assets** - share a link to a Google Drive or Dropbox folder with any brand assets, product photos, lifestyle images, and video you'd like us to use. If your assets are already uploaded to your Shopify media library, just let us know, and we'll work from there.

a. Share any files with access@leveragency.ai or paste folder links right here:

There should be a shopify media library too.

We're building the following pages: Home · Collections · Product Detail · Build Your Own · About · FAQ · Contact · Blog Template · Wholesale Page

The sections below map to each one. Fill in what you can - we'll follow up on anything left blank.

1. Brand & Voice

Helps us write copy that sounds like you.

What does your brand stand for? What do you want customers to feel when they visit your site?

Trustworthy, relatable brand. Not too posh, but upscale enough that is also relatable to them. Once they see the site, it should be warm, inviting, easy to read and navigate. Easy for stoners to get around.

What makes your products different from competitors?

Our items are designed first and foremost to be to be easy to clean with function and elegance built in together, not sacrificed. The quality, functionality and aesthetics go hand in hand.

Who is your primary customer? (Brief description - experience level, what they care about, why they choose you.)

Primary Customer

- Cannabis enthusiasts aged 21-45, Bong users
- 70/30 ratio male to female.
- Medical cannabis patients

Anything you want to avoid visually? (Colors, fonts, styles, specific references.)

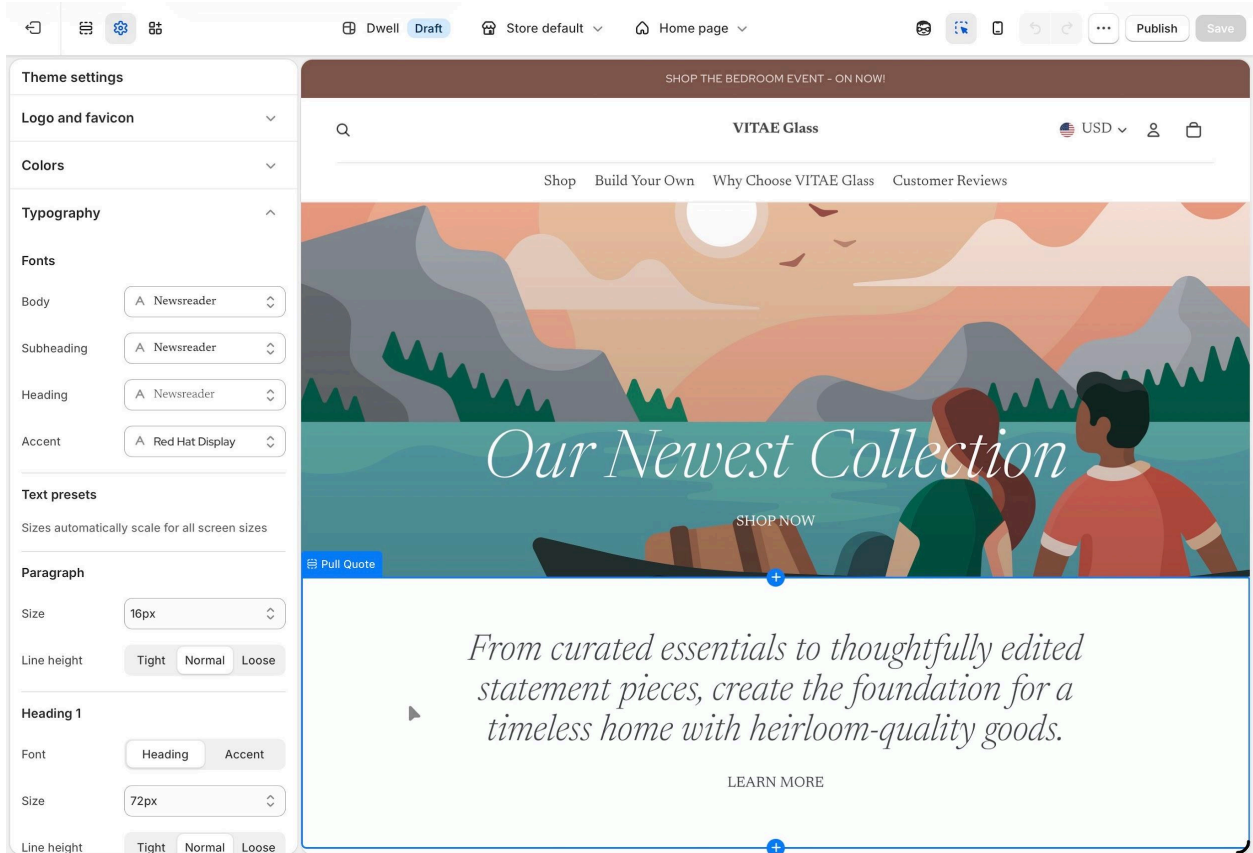

Avoid

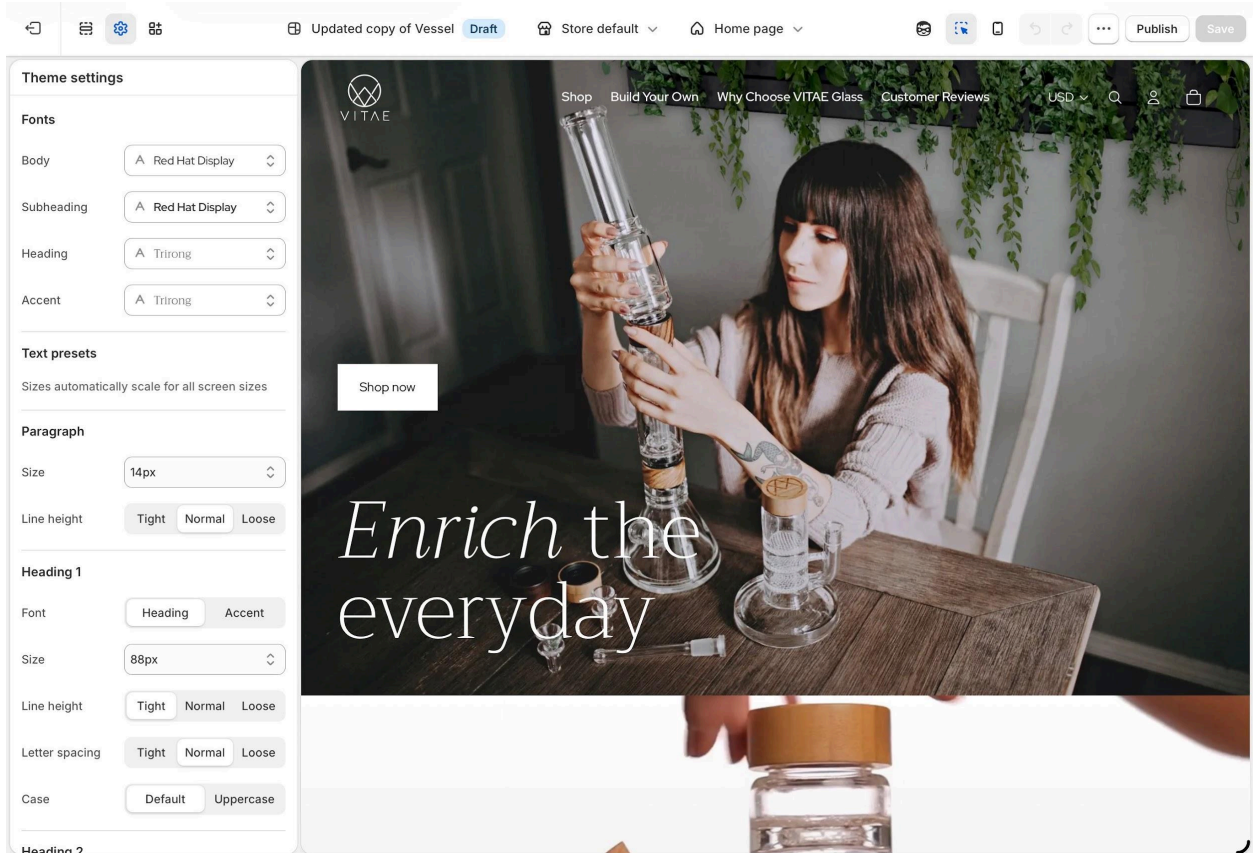

- Dark smoke-shop aesthetic
- Neon colors
- Cluttered layouts
- Excessive animations
- Overly luxury/pretentious branding

Is a brand refresh planned before launch? (New logo, colors, typography, etc.)

Mainly we've been using Helvetica/ Neue, But I'd like to add some contrast there in some headings using Serif style fonts for some headings. While body can be sans Serif like the existing style.

- red hat display is a good one. and newsreader.

Minor refresh only:

- Maintain existing logo
- Refine typography
- Introduce earth-tone accent colors
- Improve consistency

7. About Page

Please share your brand story - rough notes, bullet points, or copy from your current site is fine. We'll write the final version.

Founded to solve a common problem:

Traditional bongos are difficult to clean, difficult to replace when broken, and force users to buy an entirely new setup.

VITAE created a modular system allowing customers to customize, upgrade, repair, and clean their glass more easily while creating a unique piece that evolves over time.

With sustainability in mind, we plant a tree per module that is sold. This makes our product carbon negative and makes the world a greener place, one bong at a time.

This item is truly designed for smokers, by smokers.

What images or visuals should appear on this page?

Sustainability

- One tree planted per module sold
- Goal of planting 1 million trees
- Recyclable packaging
- Long-lasting products designed to reduce waste

Images

- Founder
 - Product development
 - Manufacturing
 - Customer builds
 - Tree planting mission
-

8. FAQ

Please list your most common customer questions with answers. (Copy and paste from your current site is fine - we'll rewrite and format them.)

Highest Traffic Questions

- How does modular compatibility work?
- Are all parts interchangeable?
- How do I clean my bong?
- What happens if I break a piece?
- What is covered under warranty?
- Do you ship internationally?
- How thick is the glass?
- What is included with my purchase?
- Can I add components later?

Should your team be able to edit the FAQ in Shopify without going through a developer?

Yes

9. Contact Page

What contact methods should be available?

Contact Methods

- Contact Form
- Instagram DM
- Email
- live ai chat
- Wholesale Inquiry

Any specific fields you need on a contact form?(e.g., order number lookup, topic dropdown)

Form Fields

- Name
 - Email
 - Order Number
 - Inquiry Type
 - Message
-

10. Blog

We'll build a blog index page and a single post template styled to match the rest of the site.

- Cleaning Guides
- Product Education
- Cannabis Education
- Terpenes
- Product Releases
- Company News
- Sustainability
- Glass Buying Guides

A few of your existing pages look like they could live as blog posts - Our Story, Our Cause. Is that the right approach, or do any of these need their own standalone page?

Yes, those should be a standalone page and not as blogs. They might have been setup incorrectly before.

Do you want a featured or hero post at the top of the blog index?

Yes, if it is recommend or beneficial.

11. Wholesale Page

We'll give the existing wholesale page a light redesign to match the new site style. The registration form (pop-up) stays as-is.

Please share any existing copy for this page - we'll clean it up and fit it to the new style. (The current page intro, requirements, and bullet points are a good starting point.)

Why Retailers Choose VITAE

- Modular concept drives repeat purchases
- Premium margins
- Easy merchandising
- Strong packaging
- Unique category differentiation

Any other content this page needs beyond the intro copy, key terms, and the registration form link?

Include

- MOQ

13. Anything Else

Is there anything critical to your business or customers that isn't covered above?

Note: scope additions beyond the pages listed at the top of this document will be evaluated and quoted separately.

The biggest priority is educating first-time visitors on the modular system while maintaining a fast-loading mobile experience.

The majority of traffic is mobile. Performance, image optimization, simplified navigation, and clear calls-to-action should be prioritized over visual complexity.

Success metrics:

- Higher conversion rate
- Higher AOV
- Increased Build Your Own usage
- Increased email capture
- Better SEO performance
- Improved wholesale lead generation

The homepage should tell a simple story:

Build Your Own → Easy To Clean → Built To Last → Grow Your Collection
